WORKPLACE WELLBEING SESSION · FOR THE WHOLE TEAM

Future-Proof your team: a 60-minute reset for busy people

Breathing, mobility and a straight-talking conversation about the stuff we don't say at work. For every age and every fitness level. Run by Greg Sharpe, a Richmond strength and mobility coach, who spent 20 years leading global brand and events teams before it caught up with him.

WHAT HAPPENS IN THE HOUR

1. **Why "I'm fine" costs you (10 min)**
   Greg's own story: always busy, always fine, running on empty. Honest, not preachy.
2. **The 3-minute breathing reset (10 min)**
   One simple pattern to quiet the noise before a big meeting or after a bad one.
3. **Desk-to-floor mobility (15 min)**
   Hips, back and shoulders. Done in work clothes, no kit, no changing.
4. **Future-Proof checks (10 min)**
   Quick, safe self-checks on strength and balance, so everyone knows where they stand.
5. **Simply heard (10 min)**
   Pairs, two minutes each, no advice, no fixing. Optional to share.
6. **The 15-minute plan (5 min)**
   A daily routine to take away, plus a free Future-Proof Score for everyone in the room.
